

REPUBLICAN **JANET NGUYEN**

The Candidate We Can Trust!

Dear Neighbor,

California is headed in the wrong direction and liberal policies in Sacramento are to blame.

As a State Senator, I worked hard to keep taxes down and make government work better.

As your Assembly Representative, I will work to continue to fight and protect Prop. 13 and overturn liberal bills like AB 5 which are driving businesses out of the state.

I would be honored to receive your vote.

Thank You,

Keep Taxes Down

“Californians pay the highest taxes in the country. I am committed to stopping any tax increases and to holding state government accountable.”

Solutions for the Homeless

“The homeless situation has become intolerable and the politicians need to stop talking and start doing. We need effective programs to address mental illness and drug abuse. We need to get people off the streets now.”

Secure the Border

“Gangs, human traffickers and drug runners are only encouraged by California’s liberal sanctuary city laws and porous border. California needs to work with federal authorities to secure the border.”
